**Dear Niklas, Dear Godie,**

Though you both informed me earlier about your intention to retire from your board positions, your strangely shaped announcements surprised me. As Commodore of IDNIYRA EUROPE, I accept your resignation and will organize the work of the Board accordingly.

Your contributions to the Icesailing Community are imprescriptible.

You, Niklas, turned our Organisation from a fun-club to a Sport Association, introduced the Professional Race Committee, enforced compulsory insurance coverage. When we run into difficulties to establish European membership you came up with a solution and volunteered to draft our new Constitution and took all necessary measures to register our new Association in Vienna. You are a good friend. We had a lot of fun during icesailing in different locations. Thanks for all that.

You, Godie, worked hard for decades to maintain our website and tailored it to our needs. You made Online Entry with ID-Check, Online Rule Test, Online Ballot, etc. You were always very enthusiastic presenting your new inventions made on IDNIYRE EUROPE website. It was a tremendous work; without that we would have our work in the Board much more difficult. We appreciate it.

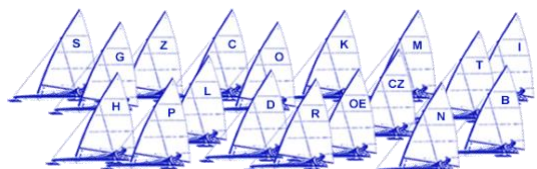

In the name of the entire Icesailing Community, I would like to express our gratitude and wish you good health and a lot of fun in Icesailing.

See You at the next Icesailing Event.

Think Ice,
