LANDSMEER. July 1988.

Minutes of the annual meeting of national secretaries in Landsmeer, Holland,
May 7-8, 1988.

1. Present were:

Tom Weber	Finland
Motek Duchowski	Poland
Peter Schellhorn	BRD
Ed Meijer	Holland
Bob Dill	USA
Wim van Acker	Holland

Endel Voorema, USSR; Horbert Hörmann, Austria; Pavel Skop, CSSR; and
Thomas Sandberg, Sweden had made known their points of view before the meeting.

2. The past season has been deplorable. In practically every country there was a lot of snow or no ice at all.

Fortunately the WC could take place in Leningrad and in spite of the not quite
optimal ice conditions, it was a nice conclusion of the iceboat season for all
those present.

The organization, accomodations, and all the extra activities were perfect and
we express thanks to all the people who have made this possible.

It was a pity for the organizing country that after having the lead for years,
this leading position had to be ceded to Poland.

It was obvious that the fact of not participating in international races and not
allowing the use of foreign sails etc. is now working against the Soviet ice-
boaters.

3. The financial situation of IDNIIYRA Europe is satisfactory and cash-book was found in order.
4. Wim van Acker has been re-elected as European Commodore.
5. The EC '88-'89 will be held in Finland, March 11-18, 1989.
Place and time WC '89-'90 probable in Poland.
- 6.1 The European Commodore makes the decision for an eventual move to a second country for the EC as circumstances may require.
- 6.2 The Technical Committee Europe has found together with Mike O'Brien, a better wood mast construction.
It has been approved by the secretaries and will come into force as of the next season. The definition is now as follows:
The minimum outside measurement of 50.9 mm. must be of wood.
Reinforcement with fiberglass is permitted on the outside in the proportion of 75% wood and 25% fiberglass. Reinforcement on the inside, layers of veneer, and the use of carbon fiber are forbidden.
ENFORCEMENT:
If among the first three places in EC or WC there is a wood mast, it can be taken out to be checked by the race-committee, a national secretary, or Euro-Commodore. It may also be checked as a result of a protest. The mast will be re-delivered within four weeks, freight paid and in good state in all of Europe and in the USA. However, if a discrepancy is found by the Technical Committee in co-operation with the European Icesailing Authority, all the cost of freight and X-ray are to be paid by the owner of the mast. In case of refusal to pay these costs, the start-license of the person concerned will be
